TABELLA FINITURE GALVANICHE - GALVANIC FINISHES CHART

[ITA]

Le finiture rappresentate su questo formato digitale sono da ritenersi puramente indicative, in quanto la percezione della finitura a video subisce notevoli cambiamenti rispetto all'originario campione fisico e per tale ragione non possono in alcun modo costituire un riferimento di corrispondenza esatto.

Per la scelta della finitura anodizzata o galvanica si consiglia pertanto di consultare una mazzetta finiture speciali Tubes o di richiedere un campione.

[ENG]

The finishes represented on this digital format are to be considered purely indicative, as the perception of finish on the screen undergoes considerable changes compared to the original physical sample and for this reason they cannot in any way constitute an exact correspondence reference.

For the choice of the anodised or galvanic finish it is therefore advisable to consult a Tubes special finishes chart or to request a sample.
