

## SUPPLIER CERTIFICATE ON REPORTABLE SUBSTANCES

Our Ref: ID\_91011646

### TO WHOM IT MAY CONCERN

Valid for the following product/s as delivered by Henkel:

- **Loctite 577** **IDH-Number: 2068514**

Referenced Document in terms of Enquiry, Specifications, Standards or Substance Lists:

- **Silicone-free; free of silicone or substances containing silicones**

### **Confirmation:**

We herewith confirm, that the here mentioned product does not contain any of the reportable substances (substances being banned or to be declared) as listed in the above referenced document/s in concentrations above the limits as specified therein, respectively - if there are no concentration limits specified - in concentrations greater than 0,1 weight-% or being intentionally introduced. However as far as substances are contained in concentrations to be declared because exceeding these limits, they show up in the following table.

CAS-number	Substances	Concentration
112945-52-5	Silica, amorphous, fumed, crystal-free	1-3%
67762-90-7	Si-oxide dimethyl siloxane modified	<1%

### **Disclaimer:**

All information in this declaration is based upon formulation data and raw material specifications. It is given to the best of our present knowledge. Henkel Adhesive Technologies may not have conducted any tests to determine the actual presence of these substances in the above products.

\*Henkel corporate constantly updates raw material data based on all potential suppliers and worst-case scenario regarding possible contaminations.

Regarding Nickel nitrate raw material, this has led to a declaration of Cobalt contamination in the Nickel nitrate raw material on the SDS,

not necessarily including that Cobalt is present in the formulation or that material from the supplier with the largest contamination globally is supplied in a certain region.

Appearance of Cobalt on the SDS is triggered by an update of the SDS, products not yet carrying this description yet will do so with the next SDS version.

When handling the chemical products above, the first aid and handling recommendations provided in the European Material Safety Data Sheet should be followed.
